"Formulating for Improved Color Acceptance"
Steve Korenkiewicz-Color Corporation

Factors effecting color acceptance are discussed, including dispersant and surfactant choice, thickener interactions and effect of pigment treatments. In addition, a method for checking and improving color acceptance is presented along with real life examples.

Steve is Technical Director for Color Corporation of America. Steve has a BS degree in Chemistry from Michigan Technological University and an MS degree in Colloids, Polymers and Surface Chemistry from Carnegie Mellon University.

Steve has over 24 years of formulating experience in all forms of consumer and heavy maintenance coatings. Steve has been issued one patent and has another pending.

NEW CSCT MEMBERS TABLE

All new incoming CSCT members are being asked to join Tim Wheeler, Membership Chair and other new members at the same table(s). Also each member in attendance will be eligible for a special raffle prize drawn after the dinner. For current CSCT members please welcome your new associates into our organization.
