## Monday, February 3rd Steven's Steak House

### “Practical Paint Making” George Goodwin - *Elementis Specialties*

This presentation is designed to bring you closer to optimum high speed disperser performance in your plant. The theory of high speed dispersion is reviewed and linked to a number of practical ideas for optimizing high speed dispersion. Key topics include proper blade selection and maintenance, optimizing operating technique, and optimizing the mill base for faster throughput rates and improved fineness-of-grind. The objectives are to allow you to significantly reduce high speed dispersion time (to less than 15 minutes), improve pigment(s) dispersion, and minimize rework.

Even if you are an “old hand” at making paint, come to this meeting to review the basics and learn about new research on high speed dispersion. Bring your production people along to learn how to optimize high speed disperser performance.

The ideas presented have been gathered from many chemists, engineers, and production people in the paint industry across the country. You won't want to miss this wealth of “common sense” ideas to improve high speed dispersion in your plant right away.

George Goodwin has been a Technical Manager for Elementis for the past 29 years. He has 40 years of diversified experience in the coatings industry.

Others who have heard this talk have said:

“I wish I had brought all my batchmakers to this talk” – from a Pacific Northwest Society meeting. (Several companies have brought all their batchmakers.)

“I learned more tonight than in the week long training session I attended”- from a Baltimore Society meeting.

“I have never heard a practical talk like this in forty years of paint making”- from an Oklahoma City PCA meeting.

George W. Goodwin has been a technical manager for Elementis Specialties for the past twenty-nine years. He has forty years of diversified experience in the coatings industry.

George was project supervisor of the color laboratory at Dutch Boy's Perth Amboy, NJ facility. He developed the lead-free colorant system that replaced the lead based in-store colorant system.

Prior to Dutch Boy, George worked for Devoe and Reynolds, as a senior chemist, formulating automotive, industrial and coil coatings.

George is a member of the Chicago Society of Coatings Technology. He has a degree in chemistry from Eastern College, St. Davids, PA.

### CSCT MEETINGS:

(Information 630.271-4848)

5:00 CASH BAR

6:00 SPEAKER

7:00 DINNER

Steven's Steak House

476 N. York Rd., Elmhurst, IL

(630) 834-6611

### Upcoming Events

February 3, 2003

“Practical Paint Making

George Goodwin, Elementis

March 3, 2003

“Defoamers”

Andy Romano, Ashland Chemicals

April 7, 2003

“The Coatings Economy”

Ada Nielsen, BP Amoco

May 23, 2003

Awards Banquet

Drury Lane - Oakbrook

## MEMBERSHIP INFORMATION

Dear Members:

Due to a number of factors the FSCT has decided to raise their portion of the dues \$20 for this coming year and another \$20 for the following year.

The Federation, FSCT, will still go to a direct billing for membership renewals. The amount of those dues for this upcoming invoice will be \$90; up from \$65 last year. It is important to know that the \$90 bill consists of \$60 for the FSCT and \$30 for CSCT. Last year the breakdown was \$40 for FSCT and \$25 for CSCT. The 2004 invoice amount will be \$110.

The CSCT board felt it is important to offer our members another option. We will offer another level of membership, which we have called CSCT Local. The annual dues for the CSCT Local membership will be \$30 for Full Members and \$15 for Retired and Students.

**You will have to make a decision as to which membership option to choose.**

CSCT Local members will get our monthly newsletter, be able to attend all monthly technical meetings, any annually run technical symposiums put on by the CSCT, our Awards Banquet, our Annual Golf Outing, and any other CSCT sponsored event. He/She will be fully qualified to hold offices on the Executive Board or on any Committee. You will not receive any of the FSCT benefits.

FSCT members will receive all of the benefits currently available to the CSCT Local member plus the FSCT member benefits listed.

**FSCT Member Benefits Include:**

- Annual subscription to the Journal of Coatings Technology, the industry's leading technical journal
- Listing in the annual FSCT Year Book and access to our new on-line Membership Directory
- Discounted registration fees to FSCT's internationally recognized educational programs and expositions, including ICE
- Access to a full range of members-only benefits on the FSCT web site, including free on-line JCT article retrieval, discounts at the FSCT Publications Store, and participation in members-only e-mail discussion groups
- Savings on leading coatings-related publications
- **Two for One: When you join the FSCT, you also gain membership in the "CSCT"**

The CSCT will be coming out with our CSCT Local renewal in early January 2003. If you choose FSCT then wait for the FSCT Direct Billing, which should come out towards the end of February 2003. If you choose CSCT Local then respond back to CSCT and ignore the forthcoming FSCT Direct Bill.

If you have any questions please contact any of the current board members.

Your cooperation is greatly appreciated as we go through this change.

Respectfully,

Gerald Cuca  
CSCT President

*Mark your calendar for Friday May 23rd 2003*

**2003 Awards Banquet!**

**Show will be**

**Dames At Sea**

## Scholarship Information

Note: *There are separate applications for each of the two types of scholarships.*

### A. Joint CPCA/CSCT Scholarship

College scholarship applications are now available for a child of a current member of the CPCA or the CSCT. To be eligible, the student must be in good standing at the school they are attending.

Applications are available from  
Greg McWright

973-443-4200 Ext. 3247

Applications must be received by **March 21, 2003**

### B. Merit Scholarship

The CSCT is pleased to announce that Grant In Aid applications are now being accepted for two \$2,000 scholarship awards for students majoring in math, computer or physical science. Current membership for a minimum of 2 years allows a CSCT members' child to apply for the Grant In Aid.

The recipient should be either a high school senior or undergraduate student, who has an excellent academic performance and dedicated service to their community. The criteria for selecting the winners are letters of recommendation, course transcripts, and an essay.

Applications and further information is available from

Phil Peterson

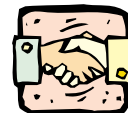

630-665-3085

Application Deadline is **March 14, 2003**

### CSCT Member Candidates for February 2003

**Kisoon Park**  
Valence, LLC.

E-mail your dinner selection to: [howard.robins@victorreinz.com](mailto:howard.robins@victorreinz.com)

Please provide name and number of guest attending by 1/31/03 .

**Dinner Selection for February 3rd:**

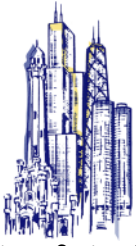

**Family Style or Vegetarian upon request or reserve by phone: (630) 271-4848**  
**Cost for Dinner - at the door: \$25 for members, \$30 for Non-Members and Walk-ins**

Send this to Howard Robins, Victor Reinz Division/Dana Corp., 1945 Ohio St., Lisle, IL 60532:

I WILL ATTEND AND BRING \_\_\_\_\_ GUEST(S) FOR DINNER January 6th

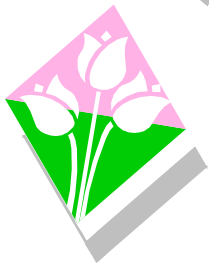

DINNER SELECTION:       Family Style       Vegetarian

NAME \_\_\_\_\_ COMPANY \_\_\_\_\_

Chicago Society for  
Coatings Technology
