"I want to thank you for making this day necessary"

Yogi Berra

Dear Coatings Industry Colleagues,

Summer appears to be finally here and another successful year has gone into the annals of our Society history. Established in 1929, we continue to be a strong and vibrant society – 78 years is quite an accomplishment for all of us to be proud of.

When I was asked those few years ago to serve on the Board and go through the chairs I knew it would involve time, effort and commitment but I did not realize the payback I would receive in-kind. The dedication and commitment of this group is unceasing, and am very grateful to my fellow Board and Committee members for the joint effort that makes this Society what it is.

So hats off to you, my friends, and hats off to the entire CSCT membership for supporting our activities throughout the year:

- Golf and Tennis Outing: July 24, 2006
- 7 Monthly Technical Meetings
- Joint CSCT/CPCA Holiday Party: December 8, 2006
- Windy City Coatings Course: March 20-21, 2007
- Annual Awards Banquet: April 26, 2007

And - like déjà vu all over again - please join us on Monday, July 23 at the 2007 Golf and Tennis Outing to start off another great year.

With gratitude and enthusiasm,

Mary L. Seffrood, Micro Powders, Inc.
2007-2008 CSCT President

Monday, July 23, 2007
Golf & Tennis Outing
St. Andrews Golf Club
Oakbrook Park District & Racquet Club

The Chicago Society for Coatings Technology recognizes the passing of friends and members in our Society and Industry.

Paint Industry Pioneer **Hank Godshalk**

Finishes Unlimited today announced the death of company chairman Henry (Hank) Godshalk, who together with his wife Zoe, founded the company in 1970. He is survived by his wife and two daughters. Prior to founding the company, Godshalk was a research chemist at DuPont Co. Inc. and was part of the research team that introduced metallic paint to the automotive industry.
