Volume 8, Issue 1

## Monday, August 30th • Steven's Steak House

5:30 P.M. Cash Bar • 6:00 P.M. Speaker • 7:00 P.M. Dinner

Dr. Milt Misogianes • *Ciba Specialty Chemicals Coatings Group*

**C**iba Specialty Chemicals is a global leader, committed to be number one in all our chosen markets. We strive to be the partner of choice for customers seeking innovative effects to enhance the performance of their products. This is particularly true in today's competitive coatings environment. Dr. Misogianes will focus his presentation on the key organic pigment chemistries such as Quinacridone, Diketo-pyrrolo-pyrrol, Perylene, Bismuth Vanadate, Isoindolinone, Indanthrone and Pthalocyanine as well as their inherent performance properties. He will also discuss waterborne, solvent-borne, high solids and powder coating technologies used in the industrial, automotive and architectural coatings markets. The objective of this presentation is to inform you of how the varying pigment chemistries and applications can give you a competitive advantage in today's coating market.

**D**r. Misogianes is currently the Technical Manager for Ciba Specialty Chemicals Coatings Group in Newport, Delaware. He has worked in the coatings industry for twenty-two years, initially for the DuPont Performance Coatings Division, where he was the Dispersion Supervisor for the Transportation Group. Milt joined Ciba Specialty Chemicals in 1990. He has co-authored three coatings patents and has published several papers on dispersion, high performance pigments and surface treatments for organic pigments. He has a PhD in Chemistry from the University of New Hampshire and is a member of the American Chemical Society, Detroit Color Council and NSCT. His presentation will focus on mid-performance pigments for the industrial and architectural coatings markets.

## July 26, 2004 Golf & Tennis Outing a great success!

The annual Golf and Tennis outing for July was the start of the new year for our Society. Our event was one great way to socialize with fellow colleagues, make new contacts and help support the CSCT. This event was a great success with your participation and all the other companies. The 2005 Golf and Tennis Outing will be Monday July 25th, 2005 at St. Andrews Golf Course.

## The Chicago Society for Coatings Technology and the Chicago Paint & Coatings Association will conduct a coatings course in 2004/2005.

The coatings course will be presented in two sessions. The first session is an introductory course that has been designed for individuals seeking cursory knowledge of coating's processes and raw materials. The second session will present advanced coating's topics, which are intended for chemists, technicians and technical sales personnel with some experience in the coatings field. The coatings course will be held on Wednesday evenings beginning in February. Each session will be eight weeks in length. Session I will be from September 8 through November 3, 2004 and Session II from January 19 through March 9, 2005. The sessions will be conducted at DePaul University's Rolling Meadows Campus. Proceeds from this event will be used to fund CSCT / CPCA joint scholarships. The course fee for each session is \$400. The course fee for the combined sessions is \$700. For more detailed course information and enrollment forms contact the CPCA Executive Office at (847)755-9850. For fast response E-mail: [director@chicagopaint.org](mailto:director@chicagopaint.org)
