The Future of the Powder Coating Industry

Kevin M. Biller - *Biller Technical Resources*

For being the ultimate in compliance technology, the powder coating industry has sure taken its lumps in the past few years. Paper thin margins coupled with rising raw material prices have taken the fun out of the powder coating industry. Where are we heading and where should we direct our focus? New directions in technology and markets will be discussed.

Kevin began his career in powder coatings in 1978 at the Glidden Paint Company. He held various technical positions during his 15 years there including Group Leader – Automotive Coatings, and Section Leader – European Core Laboratory while he worked in Birmingham, England for Glidden’s parent ICI Paints. Kevin eventually moved to Herberts Powder Coatings where he was responsible for developing new technology. In 1997 Mr. Biller formed a consulting firm, Biller Technical Resources, Ltd specializing in providing technical solutions to the powder coating industry. In 1998 Kevin became President of Wabash Powder Coatings in Terre Haute, IN. In 1999 Mr. Biller acquired the majority interest in IRIS Powder Coatings, Inc. This custom manufacturer of specialty powder coatings was sold to Jamestown Powder Coatings in December 2001. Kevin was the Vice President/General Manager for Jamestown Powder Coatings in Columbus, OH until September 2005.

Kevin has four US Patents in powder coating technology. He has delivered numerous papers and written many articles on powder coatings. He has recently published a handbook “Powder Coatings: Foundation for the Novice Formulator” by BNP Media, Troy, MI.

Patents:

- 5,935,661 Radiation curing of powder coatings on heat sensitive substrates: chemical compositions and processes for obtaining coated workpieces.
- 5,877,231 Radiation curable powder coatings for heat sensitive substrates
- 5,824,373 Radiation curing of powder coatings on wood
- 5,789,039 Radiation curing of powder coatings on heat sensitive substrates: chemical compositions and processes for obtaining coated workpieces

CSCT Members:

In looking ahead to the CSCT calendar of events, we have the last monthly meeting on April 3rd and the Awards Night held on May 13th. The monthly meeting is being held at a new venue; the Holiday Inn in Naperville. The new location is chosen as a trial for future meetings and your attendance is important not only for that reason but to elect our new Board and Committee. The technical presentations are geared on the topic of powder coatings.

The Awards Night will culminate a long but successful season for the CSCT. The event is held at the Drury Lane/Oakbrook with the social hour/dinner/awards/play format. We look forward to your attendance for an enjoyable and memorable evening.

I would also encourage nominations for the Outstanding Service Award to be given out at the Awards Night. If you know an individual that has exemplified dedication with service to the CSCT beyond the Board activities, I would like to receive nominations for this individual. You can e-mail the nomination to my attention at: hwaltenspiel@nevchem.com.

Lastly, the CSCT needs your talents in the many committees that have been formed or assistance at future activities. Participation is the life's blood for the continued existence and prosperity of the CSCT!

Sincerely,
Herb Waltenspiel
CSCT President

SCHOLARSHIP INFORMATION

Note: *There are separate applications for each of the two types of scholarships.*

A. Joint CPCA/CSCT Scholarship. College scholarship applications are now available for a child of a current member of the CPCA or the CSCT. To be eligible, the student must be in good standing at the school they are attending.

Applications are available from Mark Leverone: (630-665-3085); mark@thhilson.com

Applications must be received by **March 31, 2006**.

B. Merit Scholarship. Application deadline was **March 10, 2006**.

Dinner Meeting Reservations

Please call or e-mail your reservation
including names and number of guests by **March 28**
Mary Seffrood • 630-484-3810 • mseffrood@earthlink.net

Cost for Dinner – at the door: _____
\$30 for members with reservations, _____
\$35 for Non-Members and Walk-ins!! _____

CSCT Ballot for election to the Board:

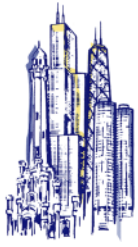

President 2006-07	Russell Heinzinger	(Not Voted On)
Vice President	Mary Seffrood	Voted
Treasurer	Patrick Heraty	Voted
Membership	Jim Donovan	Voted
Secretary	Bob Milano	Voted
Member at Large	Andy Tait	Voted
	Tom Whiting	Voted
FSCT Society Rep	Natu Patel	
Tech Committee	Co-Chair Arron strepka	
Manufacturing	Guy Lopez	
Education	Thor Jondahl	
25 & 50 Year Club	Evans Angelos	
By Laws	Mike Beland	

There will be a vote for these positions at the April Board Meeting

We are planning to have two **ACSeries** conferences on June 19-21, 2006 at the Hyatt O'Hare in Rosemont. They will be **Additives 2006** and **21st Century Manufacturing: Efficiency AND Compliance**. These programs will be co-located and will share the exhibitor hall and social events.

The **Additives 2006** will be a one-day short course followed by a two day symposium. We are currently in the process of finalizing that for brochure and Internet purposes. We will probably need volunteers for the symposium portion.

21st Century Manufacturing ACSeries will be a three day program that will feature a mixture of short presentations and papers. We are planning to offer plant tours on Tuesday pm. Currently the tentative sites are True Value and Blommer's chocolates. I will need volunteers for this program especially since the planning task force only numbers five.
