**D**ear Colleagues and Friends of the Coatings Industry:

As I write this letter, there continue to be major changes in the FSCT and NPCA. As you all know, early this year, the NPCA and the FSCT announced their intention to merge and won approval from their memberships to do. In early June, the first American Coatings Show was held in Charlotte, NC. Opinions vary on how successful it was. The main point is that the Coatings Industry now has one show supported by both the Federation and the Coatings Association. On June 20, FSCT President Yasmin Sayed-Sweet announced the resignation of FSCT Executive Director Mr. Joe Pontoski. His duties will be distributed among current staff. It is not expected to impact the integration of functions within the two groups.

As with the changes on the national level, there is a new CSCT board that started June 1. I am honored to be President of that board. The CSCT Board remains committed to the principles set forth by previous boards. The changes at the national level do not effect how we as a local society will function. We want to continue to provide education and information to our members and friends to improve the Coatings Industry. As such, we will again have a full slate of monthly technical meetings starting in August. Please see the calendar for the exact dates and locations.

As I said during our Awards Night, I want to hear from anyone that has a suggestion to improve the Society. The Board is available to listen and talk with each and every member. We are here to serve you and make this Society the best it can be. Please let us know how we can do that. You can reach me at 630-898-0824 or via e-mail at [Patrick.heraty@evonik.com](mailto:Patrick.heraty@evonik.com).

We hope to see you at a CSCT event this year. The first event is our Annual Golf and Tennis Outing. This is always a great day spent with colleagues, customers and friends. The registration sheet for this event is included in this newsletter. We look forward to seeing everyone in the upcoming year.

Sincerely,

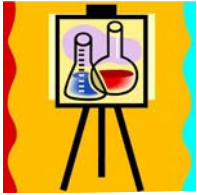

*Patrick J. Heraty, Jr.*
